DETAILED ACTION

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 6, it is unclear what is being disposed on "the first and the second base layer", Thus claim is indefinite.

In claim 1, line 7, it is unclear what is being opened in the lateral region of the inner base portion.

In claim 1, line 7, "the lateral region" does not have antecedent basis.

In claim 1, line 10, it is unclear what "whose portion" is being referred to.

In claim 1, line 11, "the vertical bar" and "the T shape" do not have antecedent bases.

In claim 1, line 1, it is unclear what "its lower end" is being referred to.

In claim 1, the scope and meaning of lines 13-15 are not understood.

Allowable Subject Matter

Claims 1-26 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
